

TEACHER SUBSTITUTE

2 positions for each class + at least 1 back-up substitute

AVAILABILITY REQUIREMENT: Must be able to substitute regularly and reliably whether with advanced or same day notice. Substitutes may arrange with each other to cover specific days in advance. Returning members preferred or someone with experience co-oping and/or teaching. Since you will only substitute in the class your child is enrolled in, it is important that your child is OK with having you in the classroom. This job requires someone who is enthusiastic about spending time with a large number of children, is able to talk well with young children, and is able to willingly assist the teacher.

A. SUBSTITUTING IN THE CLASSROOM

1. Substitute for the Teacher as needed. Although the Substitute receives as much notice as possible, sometimes that may be the day of school. If you are aware of any date conflicts, advise the Administrative Liaison as soon as possible.
2. Arrive 15 minutes before the start of class, to the extent possible. Assist Teacher in preparing for the class's projects. Make sure all supplies are prepared.
3. Substitutes **MAY NOT** help the children with the toilet or change diapers (per state regulations). All bodily functions from toileting, nose wiping, sudden illness, must be handled by teachers. These tasks **MUST** be performed by the Teachers. On conference days, ask a Teacher to step out of the conference to assist any child who requires help with the toilet or needs a diaper changed. While the Teacher is attending to children at the toilet or with diaper changes, the Substitute should manage the class with activities (read a book, do calendar exercises, explain crafts, etc.).
4. Both Substitutes will be needed on parent-teacher conference days. These days are noted on the calendar.
5. Interact and play with the children during free play. Move about the classroom and try to interact with all of the children, to the extent possible. Redirect children who are having conflicts with one another.
6. Ask the Teacher where your help is needed most to facilitate the children completing their projects. Assist the children as needed being mindful not to direct the children too much; we want their artwork to be 'their' work as opposed to perfect. Help clean up and put supplies away.
7. When preparing for snack, accompany the children into the bathroom and help them wait their turn in line and wash their hands.

8. During snack, help the Teacher and the co-op parent see that the children are seated, napkins are opened and they are ready to be served. We ask the children not to eat until all friends are out of the bathroom, as a courtesy to those who washed their hands last; remind the children of this as needed. We also gently remind the children to use manners and say “please” and “thank you” when they are being served. We ask the children not to leave the table with food, rather to remain seated until they are finished. Please also help to remind the children to clean up after themselves, which may require accompanying them back to the table where they were sitting to help them clean up.

9. Help the children with outdoor wear. Also, help the Teacher keep some semblance of order in the hallway leading out to the playground as the last few coats are being put on. Once outside, assist the teacher in monitoring the children’s play, ensuring they are safe. Redirect any conflicts and correct any misbehavior.

B. BACK-UP SUBSTITUTES

If the official substitutes are unavailable, the back-up substitute for the affected class will be called.

At least one back-up substitute per class will be designated at the beginning of the school year.

Back-up substitutes are parents who have volunteered, in addition to their regular position in the school, to substitute on a limited basis according to the following policy: *back-up subs will only be called in a situation where a Teacher will be out all week or when all regular Subs are not available on that day.* Board members and parents who have previously been Substitutes are preferred as back-up Subs.

C. OFFICE OF CHILD CARE: LICENSING REQUIREMENTS

The following procedures/forms are required by our State licensing department for all Substitutes, including back-up Substitutes, and **must be completed prior to the start of school in September** (or as soon as possible after the start of school).
